

This is the smaller version of the Cesta. Both created over half a century ago, Cestita can house an opal-shaped globe and a white plastic one (that is more child resistant). Accordingly, it is offered at a sensibly more affordable price and maintains its firm structural simplicity, ideal for nomadic or child-centred settings.

**General description:**

Sumatran pine wood structure.  
White opal glass or white opal polyethylene lampshade.  
Electric cable length: 1,40 m / 55.1"

**Light source:**

Recommended light source:
